1 Legislative Framework

Local Government Act 1995

s3.57. Tenders for providing goods or services

- (1) A local government is required to invite tenders before it enters into a contract of a prescribed kind under which another person is to supply goods or services.
- (2) Regulations may make provision about tenders.

Local Government (Administration) Regulations 1996

r17. Tenders register

- (1) The CEO is responsible for keeping the tenders register and making it available for public inspection.
- (1A) The CEO must publish the tenders register on the local government's official website.
- (2) The tenders register is to include, for each invitation to tender —
 - (a) a brief description of the goods or services required; and
 - [(b) deleted]*
 - (c) particulars of —
 - (i) any notice by which expressions of interests from prospective tenderers was sought; and
 - (ii) any person who submitted an expression of interest; and
 - (iii) any list of acceptable tenderers that was prepared under regulation 23(4);and
 - (d) a copy of the notice of the invitation to tender; and
 - (e) the name of each tenderer whose tender has been opened; and
 - (f) the name of any successful tenderer.
- (3) The tenders register is to include for each invitation to tender the amount of the consideration or a summary of the amount of the consideration sought in the tender accepted by the local government.

[Regulation 17 amended: Gazette 29 Jun 2001 p. 3131; 18 Sep 2015 p. 3807; SL 2020/213 r. 36.]

Local Government (Functions and General) Regulations 1996
Regulation 17(1) (1A)

4.6 Schedule of Management and Supervisory Personnel

All Tenderers shall provide details of Management and Supervisory personnel to be engaged in the project. The details shall include an organisational structure and previous experience. Attach a separate page if insufficient space.

4.7 Schedule of Prices

Refer to Appendix 3 - Separable Portion 1.
Refer to Appendix 4 - Separable Portion 2.

Tenderer shall submit with their tender a completed copy of Appendix 3 & 4 - Schedule of Prices for Separable Portions 1 and 2 respectively.

Item	Price (ex GST)	Price (Incl. GST)
Separable Portion 1 Lump Sum Total	\$165,475	\$182,023
Separable Portion 2 Lump Sum Total	\$368,928	\$405,821.85

% Reduction if both Separable Portions are approved = 0 %

4.8 Project Delivery

The tenderer shall provide a detailed timeline to complete the works and an expected completion date.

4.8.1 Separable Portion 1.

Detailed timeline submitted Yes / No
Estimated completion date: 4 WEEKS

4.8.2 Separable Portion 2.

Detailed timeline submitted Yes / No
Estimated completion date: 8 WEEKS

3.4 PRICE SCHEDULE

- Only measured quantities of each item will be paid to the Contractor at the rates submitted.
- Rates submitted shall be inclusive of all costs associated with each activity, including supply of all equipment, labour and materials required for completion of each activity.
- Please note L/S is abbreviated for Lump Sum and C Metre is abbreviated for Cubic Metres.
- Quantities listed are estimated only, and are not guaranteed quantities as forming Part of the Contract.

Separable Portion 1 (Pump Unit and Headworks)

Item	Description	Unit	Quantities estimates only	Unit Rate (Excluding GST)	Amount (excluding GST)
1.1	Mobilisation and demobilisation				
1.1.1	Mobilisation and demobilisation including site clean-up.	L/S	1		\$600
1.2	Pump Unit as per specification				
1.2.1	Supply and install submersible pump and motor unit as per specification.	L/S	1	\$17,230	\$17,230
1.3	Discharge Column as per specification <i>See clarification</i>				
1.3.1	Supply and install 100mm permagrese pump column, 15mm PVC probe conduit including low level probes.	Metre <i>Super lock column</i>	54	\$73.33	\$3960
1.3.2	Supply and install submersible electrical drop cable (18mmsq) and low level probes.	Metre	54	\$28-	\$1512.

PART 2		COMPLETE AND RETURN THIS PART			
1.4	Headwork's as per specification				
1.4.1	Supply and install 100mm Galvanised bore headwork's discharge assemble as per specification.	L/S	1	\$4974-	
GST Exclusive Total \$					\$4974-

Separable Portion 2 (Electrical and Cabinet Works)

Item	Description	Unit	Quantities estimates only	Unit Rate (Excluding GST)	Amount (excluding GST)
2.1	Mobilisation and demobilisation				
2.1.1	Mobilisation and demobilisation including site clean-up.	L/S	1	500	500
2.2	Electrical As per specification				
2.2.1	Supply and install electrical control cabinet as per specification, including VFD controls.	L/S	1	\$30,010	\$30,010
2.2.2	Wire to bore within 5 metres of cabinet.	L/S	1	\$68 P/M	\$340-
2.2.3	Wire and connect to Western Power Connection (demo) up to 100 metres of cabinet.	L/S	1	\$78.33 P/M	\$7833-
GST Exclusive Total \$					38683

Separable Portion 3 (irrigation controller and communications)

Item	Description	Unit	Quantities estimates only	Unit Rate (Excluding GST)	Amount (excluding GST)
3.1	Mobilisation and demobilisation				
3.1.1	Mobilisation and demobilisation including site clean-up.	L/S	1		\$200.
3.2	Irrigation Controller and Communications As per specification				
3.2.1	Supply 72 Station Controller	Each	1	\$2150	\$2150
3.2.2	install 72 Station Controller	Each	1	\$100	\$100
3.2.3	Supply and install SMS capability components at new bore cubicle including modems and antenna	L/S	1	\$900	\$900

2017
All JB

PART 3		COMPLETE AND RETURN THIS PART			
3.2.4	Supply and install SMS capability components at existing controller	Each	3		\$2200
3.2.5	Supply configured cellular device (mini iPad) to act as remote control	Each	2		\$1200
GST Exclusive Total \$					6750

Separable Portion 4A (Irrigation Mains - Bore Location 1)

Item	Description	Unit	Quantities estimates only	Unit Rate (Excluding GST)	Amount (excluding GST)
4.1	Mobilisation and demobilisation				
4.1.1	Mobilisation and demobilisation including site clean-up.	L/S	1	\$1000	\$1000
4.2	Irrigation Main As per specification				
4.2.1	Supply and install DN250 - PN12.5 Fusion Welded joints 2-wire system	Metre	430	\$105	\$45,150
4.2.2	Supply and install 2 x DN50 - PN12.5 Blue Line Poly for purposes of future irrigation 2-wire	Metre	860 TOTAL (2x 430m lengths)	\$5-	\$4300
4.2.3	Supply and install isolation Valves for connection to existing Henry Street Irrigation Main	Each	2	\$1000	\$2000
4.2.4	Supply and install T section for connection to existing Henry Street Irrigation Main	Each	1	\$500	\$500
GST Exclusive Total \$					52,950

Separable Portion 4B (Irrigation Mains - Bore Location 1 Alternative Sizing)

Item	Description	Unit	Quantities estimates only	Unit Rate (Excluding GST)	Amount (excluding GST)
4B.1	Mobilisation and demobilisation				
4B.1.1	Mobilisation and demobilisation including site clean-up.	L/S	1	\$1000	\$1000
4B.2	Irrigation Main As per specification				

PART 3		COMPLETE AND RETURN THIS PART			
4B.2.1	Supply and install DN250 - PN12.5 Fusion Welded joints 2-wire system	Meter	430	\$71	\$30,530
4B.2.2	Supply and install 2 x DN50 - PN12.5 Blue Line Poly for purposes of future irrigation 2-wire	Meter	860 TOTAL (2x 430m lengths)	\$5-	\$4300
4B.2.3	Supply and install isolation Valves for connection to existing Henry Street irrigation Main	Each	2	\$650	\$1300
4B.2.4	Supply and install T section for connection to existing Henry Street Irrigation Main	Each	1	\$300	\$300
GST Exclusive Total \$					37,430

Separable Portion 4C (Irrigation Mains - Bore Location 2)

Item	Description	Unit	Quantities estimates only	Unit Rate (Excluding GST)	Amount (excluding GST)
4C.1	Mobilisation and demobilisation				
4C.1.1	Mobilisation and demobilisation including site clean-up.	L/S	1	\$1000	\$1000
4C.2	Irrigation Main As per specification				
4C.2.1	Supply and install DN250 - PN12.5 Fusion Welded joints 2-wire system	Meter	100	\$142	\$14,200
4C.2.2	Supply and install 2x DN50 - PN12.5 Blue Line Poly	Meter	100	\$11.50	\$1,150
GST Exclusive Total \$					16,350

Separable Portion 5 (Irrigation Mains, Horizontal Boring and Streets)

Item	Description	Unit	Quantities estimates only	Unit Rate (Excluding GST)	Amount (excluding GST)
5.1	Mobilisation and demobilisation				
5.1.1	Mobilisation and demobilisation including site clean up.	L/S	1	\$800	\$800
5.2	Irrigation Main As per specification

page 10/4

PART 4	COMPLETED AND RETURN THIS PART
--------	--------------------------------

C16 Work-Time

This item covers any additional or unscheduled work required by the Principal's Representative that can be provided by the Contractor without employing additional labour or plant not specifically detailed in the Schedule of Rates.

The Contractor must detail any additional or unscheduled work undertaken in the 'Daily Log Sheets' and also ensure any invoiced Work-Time is accompanied by a clear breakdown of the time spent per day / per task charged.

Payment of this item will only occur when the Contractor has clearly identified the work time related tasks in the invoice.

Work-Time will be paid on a per hour basis.

C17 Standby Time

This item covers standby time in which work is temporarily stopped at the direction of the Principal's Representative and in situations such as waiting on instructions from the Principal's Representative.

No payment will be made in respect of wet weather, restrictions imposed on the movement of vehicles by local or fire authorities or for time in excess of the normal ten (10) hour working day.

Where work on weekends or public holidays is authorised and Standby time is required, the Standby Time will be paid at the normal hourly rate, outlined in the Schedule (i.e. no loading for Sundays or public holidays will occur).

Payment for Stand-By time will be made on an hourly basis and is limited to the normal working day, as articulated in Schedule 2, section 3.29 Working Hours.

C19-20 Construction of Drill pads and Access Tracks

These items cover the operations and materials necessary for the construction of access tracks and drill pads when the ground at a bore site is unsuitable for drilling operations.

The Principal reserves the right to require material used for the construction of drill pads to be moved from site to site during site rehabilitation, rather than disposed of following rehabilitation of each site.

The Principal reserves the right to use a third party for construction of the drill pads. Payment will be on a per square metre basis.

Schedule A – Schedule of Rates – Mobilisation Travel & Traffic Management

Item	Item Description	Unit	Rate (Ex GST)	Amount
A1.	Mobilisation / Demobilisation	each	\$ 10,000	\$ 10,000
A2.	Traffic management, including signage	each	\$ 5,000	\$ 5,000
		(Ex GST)	Sub Total	\$ 15,000.00

Witness: 

Date: 7 March 2017

4.5 Project Delivery

The tenderer shall provide a detailed timeline to complete the works and an expected completion date that includes the following milestones.

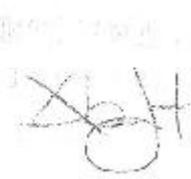

- Start-up Meeting
- Mobilisation and site establishment (anticipated – by others)
- Drilling Complete (anticipated – by others)
- Draft Reports:
 - o Bore Completion Report
 - o Hydrogeological Report (numerical groundwater and geochemical modelling)
 - o MAR Stage 2 Risk Assessment report (Feasibility Report)
- Client review of draft reports
- Final Reports

Refer to Appendix H for the Gantt Chart

The expected completion date is 21 July 2017 which assumes four weeks lead time for the driller to mobilise to site following appointment. This is one of the key project risks which can be managed during the assessment period of the available drilling contractors.

One week has been allowed for review of each of the draft reports and to provide consolidated comments. However, this assumes the appropriate resources will be available at that time to complete the reviews.

Price Schedule

Supply and Spraying of:

Item 1 The Supply and Spraying of Hot Bitumen or Emulsion with associated Automatic Aggregate Spreader trucks to be used in sealing and resealing programs. Contractor to supply seal design also as per Section 2.3.9 (Shire of Murray to co-ordinate supply of aggregate, preparation, sweeping, rolling and associated functions).

(Job size in excess of 5000 litres a minimum of 2 Automatic Aggregate Spreader trucks will be supplied).

Respondents must complete the Price Schedule that is located below while referencing the attached AAPA Technical Specification (refer Part D7) and Austroads 2006a and b. Tenderers are advised to make a copy of the completed price schedule and retain a copy for future reference – Before completing the *Schedule of Prices* respondents should read the entire Request for Tender.

- Contractor to supply seal design also as per Section 2.3.9
- Shire of Murray to coordinate supply of aggregate, preparation, sweeping, rolling and associated functions
- All Prices Exclude GST
